**NOTICE OF HEARING OFFICER PUBLIC HEARING  
MODIFICATION TO CUP #6222 (Arroyo Seco Canyon Project)**

**Project Location:** 3420 and 3500 North Arroyo Blvd, Pasadena, CA

**Project Description:** The applicant, City of Pasadena, Water and Power Department, has submitted a Modification to Conditional Use Permit #6222, to allow the repair and replacement of City's water infrastructure facilities within the Upper Arroyo Seco that were damaged by debris flows caused by storms following the 2009 Station Fire. Damage to these structures has greatly reduced the City's capacity to divert water from the Arroyo Seco for spreading and pumping credits. The proposed improvements would allow for increased utilization of the City's pre-1914 surface water rights from the Arroyo Seco. A Conditional Use Permit is required for any improvements within the Open Space (OS) Zoning District.

**Environmental Determination:** The Hearing Officer will consider whether to certify a Final Environmental Impact Report (FEIR) and adopt CEQA Findings and a Mitigation Monitoring and Reporting Program for the proposed project, and whether to adopt a Statement of Overriding Considerations. The FEIR identified potentially significant effects related to the following topics: Biological Resources, Cultural and Tribal Cultural Resources, Hazards and Hazardous Materials, Noise, Recreation, and Transportation. With incorporation of mitigation measures, the FEIR determined that all potentially significant effects would be reduced to a less-than-significant level, with the exception of impacts related to Cultural Resources, which would remain significant and unavoidable after mitigation.

**Hazardous Material:** The Project site is not listed on any hazardous materials or waste databases pursuant to Section 65962.5 of the Government Code.

**Availability of Environmental Documentation:** The Initial Study and FEIR and technical reports can be viewed on the City's environmental notices webpage at <https://www.cityofpasadena.net/planning/arroyo-seco-canyon-project-areas-2-and-3/>

**NOTICE IS HEREBY GIVEN** that the Hearing Officer will hold a public hearing to consider the application and environmental determination.
