

Arroyo Seco Water Quality Monitoring

Fill each bottle to the top and label them. The large one is for nutrients. The small one is for bacteria. Be cautious not to contaminate the bottles when collecting the sample. Use only blue or black ink only. Samples should be delivered to Pasadena Water & Power on Wednesdays by 2:00 pm.

Date & Time: ____/____/20____, ____:____am/pm

Site: _____

Sampled by: _____

Weather Conditions: _____

Temperature (°C): _____ pH: _____

Dissolved O₂: _____ TDS: _____
